Jamil, the artist whose work you see on this card, is 10 years old and lives in Afghanistan with two siblings and his mom. His father and a brother Jalil are in Canada. Jamil has been separated from his brother and father for 3 years.

*His text says: "My dear father and brother, we miss you both so much. We remember you every day. It has been three years that we have been separated from each other. I hope the day comes that we can reunite and live together again. My mom misses Jalil a lot, and she cries every day. However, when we go to her, she smiles and pretends like she is ok, so that we do not get upset. I hope to see you soon again, my dear father."*

**Thousands of children are experiencing years of separation from family members due to the Canadian government's decision to delay family reunification for refugees.**

*Wishing you days filled with the presence  
of those you love  
while remembering refugee families that are  
separated due to Canadian government choices*
